

## **With us you have the chance to develop the company on your own responsibility.**

We want to support and advise our customers more intensive. You're the first contact for our customers!

**Sales, technical customer support and technical customer care (m / f)  
Full-time, permanent.**

We have been producing and dealing of any kind technical rubber and plastic parts for 80 years, supply mainly well-known original equipment manufacturers for the automotive industry in the inland and abroad and selected our semi-finished and customer-designed products, by our partners worldwide.

We are a dynamic company that works according to new knowledge in marketing and human resources development, organising our work in process teams that provide a high degree of personal responsibility and working hard to improve our processes continuously.

We are looking for the next possible date for an experienced team-oriented and communicative project employee (m / f) for the sales, customer service and support.

### **Areas of responsibility:**

- Application engineering advice to our customers
- Requestment processing and qualification
- Bid processing and generating jobs

### **Your skills and abilities:**

- You've completed a commercial or technical training
- Fluency in spoken and written English and German. Another language is desirable.
- Several years of professional experience in buying, especially in the area of the Seals and Elastomer Technology
- Organisation and communication skills, enthusiasm about selling
- High degree of initiative
- Willingness to travel to customers
- Target and team orientation, flexibility, resilience

### **We offer:**

- A modern process organisation with high personal responsibility
- An extensive training program (education and training program ILAGO®)
- After a solid job training a performance-pay and motivating bonuses

The vacancy is to be occupied immediately.

We look forward to receiving your application. Please send it to:
